

Ridgewood One Year Injury Free

On September 11, 2013, we reached one year injury free. So on October 21, many team members from the Home Office came to Ridgewood to celebrate our success with us. With Todd and Glenn heading up the grilling and Chef Ed heading up the sides, we were presented with a wonderful delicious meal. Of course, we can not forget the pin and monetary award we each received for reaching this milestone. We are well into our 2nd year and everyone is working very hard together to make it happen.
